# ***YouRNI: Integration of young refugees***

***“Using mobile devices  
leading to better language acquisition  
and relevant career guidance”***

## **YouRNI News 4: December 2017**

Dear partners,

YouRNI is in full swing, and 2017 was a year with important steps and activities within the YouRNI project: Bilbao, Linz, Falun and Vento were the places where mixed groups of teachers from all partner countries, all experts in various fields, contributed to the programme and enjoyed our hosts' hospitality. Results of these meetings led to one of the project's main goals, which is a learning package containing a criteria list for app selection and a set of questions for lesson planning on “relevant career guidance”. For more information follow us on <http://www.yourni.eu/>

In autumn the interim report was accepted by the German National Agency in Bonn, and their advice led to a readjustment of the project's website, now focussing more on project results and dissemination activities.

After the core meeting in Falun our Spanish partners decided to leave the project. The whole YouRNI-team wishes all the best.

2018 will be a year where project results will be put into practice: The learning package will be used and evaluated in the classroom in all participating countries. With the help of a questionnaire, due in May 2018, YouRNI will collect results and analyse the data, leading to the next steps within the project.

Next meetings are scheduled for June 2018 in Zug/Switzerland and Karlsruhe/Germany.

Thanks to all of you for showing your interest in the YouRNI project.  
Thanks for participating in our project activities.

Merry Christmas, and a happy New Year to all of you.

On behalf of the coordinating partner

Rudolf Jansen  
Project Manager
