

## Questionnaire Q2 for needs analysis (April 2018)

Target group: Teachers who teach refugees and asylum seekers

FYI (For your information): This questionnaire is part of a European project which is carried out in Austria, Germany, Italy, Sweden, Switzerland and Turkey. The aim of the project is to find out how mobile devices can be used by refugees a) for learning a foreign language and b) for career guidance. For more information follow <http://www.yourni.eu/> .

With this questionnaire we intend to specify the conditions and prerequisites of successfully teaching refugees at schools. We appreciate any information you can provide. Please use the open spaces. We also greatly appreciate your feedback on the online YouRNI project resources.

Thank you very much for your support.
